

Industry-leading Event

Make your plans now to join Hexagon 2012, our annual international conference, June 4-7 at the MGM Grand in Las Vegas. Don't miss the process, power, and marine industries' leading conference, with more attendees than any other event.

You'll experience:

- Technology previews
- Compelling customer testimonials
- Interactive, hands-on training, technical demonstrations, and workshops
- One-on-one guidance from industry experts
- Insightful and visionary keynote presentations
- Dynamic panel discussions
- And much more!

Value-packed Agenda

The Geosystems track will offer an array of great sessions led by experts in mapping, positioning, surveying, engineering, construction, and geospatial solutions.

Find out how you can leverage Geosystems solutions to meet your real-world challenges. You'll learn useful tips and helpful information that you can bring back to the office to use right away.

You'll learn from fellow users and industry experts about an unprecedented breadth of new technologies and solutions all under one roof... gain insight into the latest trends that will greatly impact the way you do business...and network like there's no tomorrow.

Industry-focused Networking

Take advantage of unmatched networking opportunities at Hexagon 2012. You can participate in discussions with peers who experience similar workflows in their own business. You will be enriched by your interactions with fellow conference attendees, session speakers, Geosystems experts, and leading authorities in the field, all in one place.

Hexagon 2011 Attendees Survey:

Over 90% of Geosystems track attendees stated that their expectations were either met or surpassed and that they would recommend this event to a colleague in the industry.

TechExpo

One of the focal points of the conference, the Hexagon 2012 TechExpo will offer a one-stop-shop to see Hexagon's featured products, solutions, and sponsor exhibits while networking with peers. With an average of more than 50 exhibiting sponsors and non-competing exhibit hours, you will have ample opportunity to discover exciting new innovations and learn about our partners without missing break-out sessions.

Registration Rates

Reserve your spot and learn how you can begin solving tomorrow's problems today!
